Central and High School Janitors Given Wage Boost

A raise in wages was granted the Central and High School janitors at a special meeting of the Coleman School Board on Thursday evening.

The negotiations which had been in progress between the two male janitors and the Board were culminated last night when they were granted \$150 per month.

Previously the two men were receiving \$130 per month. Following the first meeting between the Janitors and the Board the latter offered \$145. This was turned down and a counter proposal was submitted by the janitors. It asked for \$160 per month with no interior decorating to be done by either janitor. The Board refused to debate the point and offered \$150 with the contract to remain as at present. The offer was accepted.

The two lady janitors are presently receiving \$67.30 per month. By letter they asked for an increase. When first employed it was understood they would receive between them the equivalent of one male janitor's salary. To maintain this understanding the two ladies were each granted a new monthly salary of \$75.00.

Aboussafy And Wilson To Interview Hon. W.L. Fallow

To Ask Public Works Minister For Increased Interest In No. 3 Highway Through Pass.

On Friday Frank Aboussafy and Adam Wilson were chosen by the Coleman board of grade to act as its delegation to interview the Hon. W. L. Fallow, minister of Public Works, at Edmonton. The meeting with the minister was scheduled for Wednesday (yesterday).

Coleman has repeatedly agitated for improvement in the No. 3 highway as it runs from Pincher station to the Alta-BC boundary, but with no results. In order to get a clear cut statement on the Public Works department's policy to this important stretch of highway it was decided by the board of trade to send a delegation which would place before the minister the road's present condition and its importance as an outlet to BC and the western States twelve months of the year.

Board of trade president Horace Allen, John McDonald and Percy Dickieson will represent the board at Lethbridge on Friday next at the Irrigation Jubilee sponsored by the Lethbridge board of trade. The Lethbridge banquet will be addressed by the Hon. C. D. Howe, federal minister of reconstruction, the Hon. E. C. Manning, premier of Alberta, and Hon. D. B. McMullen, minister of agriculture for Alberta. The delegation will leave for the southern city in the afternoon.

COLEMAN TO GET NEW RESTAURANT

Victor Jensen, former proprietor of Coleman Mold Bakery, has returned from Kimberley, where he also engaged in the baking business, and is once again going to start in business locally this time in the restaurant business.

Victor has purchased the old Salvation Army building which in the past few years was a gambling den then a laundry. He will demolish practically all the structure and rebuild it into a modern restaurant building.

On Tuesday morning he received his quotas from the WPTB and that evening sought the recommendation of the town council in securing his provincial business license.

PRICES BOARD TELLS WHAT MEAT AND BUTTER COUPONS BECAME INVALID OCTOBER 31

Edmonton, Alta.—Meat coupons Q-1 to Q-4 in the No. 5 Ration Book and M-51 to M-55 in the new book, and butter coupons R-18 to R-21 in the old book and B-26 to B-28 in the new, will become invalid for the purchase of these commodities after October 31, the Ration Administration of the War-time Prices and Trade Board announced today.

At the same time all temporary ration coupons for butter, meat and sugar, unnumbered and bearing a beaver design, will also expire in the hands of consumers. "Beaver" coupons for evaporated milk, only, will continue to be valid.

Consumers holding unused "Beaver" coupons, may, on application to a local ration board, have them exchanged for the newly-issued "Buffalo" coupons.

Housing Expert From Ottawa Here Last Week

Represented Central Mortgage & Housing Corporation; Plans On An Average Home Sent From Coleman For Ottawa's Approval.

If all goes well there might be sufficient material allotted to Coleman contractors for the erection of homes within the very near future.

Mr. H. C. Spence, of Central Mortgage & Housing Corporation, was in town last week conferring with company officials and Mr. Joe D'Appolonia, proprietor of Excel Builders' Supply, on the acute housing problem in Coleman. He was pleased at finding a less inflationary tendency in the homes in this district as compared to the city.

As a direct result of Mr. Spence's visit plans on an average fully modern two bedroom unit with full size basement has been forwarded to Ottawa along with the price of such a unit. Once it has been fully screened by Ottawa and approved it is possible material will be allowed to be delivered to this area for the purpose of housing construction.

At the present time Mr. D'Appolonia has orders for ten housing units which he has been unable to start due to lack of material.

Monty Autographs Prized Photo

When D. C. Coleman, CMG, chairman and president of the Canadian Pacific Railway and Mrs. Coleman met Field Marshal Montgomery at Windsor Station, Montreal, before he boarded the special CPR train for Ottawa, the distinguished soldier autographed one of her most prized possessions. It was a picture of their son, Lt.-Col. Rowan C. Coleman, DSO, MC, being decorated with the Military Cross by Monty during the Italian campaign. Col. Coleman was second-in-command of the famous Princess Pats and was wounded shortly after the Italian campaign was launched. Later he was put in command of the Loyal Edmonton Regiment and when transferred to Northwest Europe took over command of the Lincoln and Welland Regiment. Left to right, Mr. and Mrs. Coleman, Brig. W. J. Home, MC, DOC, Military District No. 4; Viscount Montgomery and an RMP constable. (Canadian Army Photo by Lt. Alex. Dure).

COUNCIL FAILED TO HOLD MEETING

The regular meeting of the town council was cancelled on Tuesday evening when only deputy mayor J. Ramsay, and Councillors W. Dutil and G. Jenkins were present. Mayor Aboussafy and Councillor A. Wilson were in Edmonton attending the municipal convention, councillor J. Lowe was working and councillor Fred Cox was on the sick list.

A delegation was present from west Coleman with a petition signed by forty-four residents protesting against the behavior of a west Coleman family. The three councillors sat as a police committee and heard the protests of the delegation. Constable Antle was called in as well as town solicitor Sam Bannan. Measures are to be taken to quieten the family.

TENDERS BEING SOUGHT FOR MUNICIPAL HOSPITAL

Elsewhere in this issue an advertisement appears asking for tenders on the construction of the Crows Nest Pass Municipal Hospital. Providing the board has no further serious obstacles to hurdle it appears that the Municipal hospital will be a reality within the next twelve to fourteen months.

It was in August, 1944, that the first provisional board meeting was held in Blairmore. Since that time numerous meetings have been held, there being times when the fate of the hospital hung in the balance. However these obstacles appear to have been overcome, the plans and specifications have been made ready by Architects Meach Mitchell & Meach, of Lethbridge, and tenders are now being sought. The next few weeks should reveal the successful contractor.

Memorial Fund Creeping Towards \$3,000 Objective

\$2,181.25 Subscribed To-Date; Given Up Hope of Having Monument Constructed For Remembrance Day.

Coleman's Memorial Fund continues to creep slowly towards its \$3,000 objective. Up to Wednesday evening 2,181.25 had been subscribed with still some donations promised.

Following are those who have subscribed during the past two weeks:

Martin Hazuka	\$20.00
Italian Society	15.00
Mr. and Mrs. C. MacQuarrie	10.00
Mr. and Mrs. T. Brennan	5.00
Mr. and Mrs. M. Dunford	3.00
Lethbridge	2.00
J. Yates	2.00

Mr. James Bennie, of Lethbridge, who received the order for the monument was in town at the first of the week and stated material was slow in arriving. As a result the Fund committee has given up all hope of having the Memorial erected for the Remembrance Day ceremonies.

CHRISTMAS CARDS

The Journal has secured the 1946 Christmas card samples and would be pleased to have the sample book brought to the home of all interested persons. Phone 209 or call at The Journal office.

Ronnie Lloyd, Hector DeCecco and Gino Salvador are the three boys who are selling cards on The Journal's behalf. These boys will be only too pleased to show you their sample books upon request.

CONTINUING SHORTAGES, HIGHER PRICES FORECAST

A year ago word was that houses, shirts, nylons, electric stoves, bacon and diapers were just around the corner in quantity. Today, The Financial Post reports the corner still as much as a year away in many lines of consumer goods. And prices, meantime, continue to climb.

Non-Veterans planning new medium or low cost urban homes are not likely to be much nearer to delivery a year from now. The Post says. Overall costs are up 45 to 65 per cent above pre-war and will likely go higher. Real estate prices are nearing the 1923 all-time peak and are expected to hold until building catches up, maybe five to 10 years from now.

Chances for new cars are slim before the end of March, 1947. Food production costs are up 25 to 50 per cent with supplies of canned goods and some imported items improved over a year ago. Clothing generally is about as short as last year, with little prospect of improvement in the next six months. Better grades of shoes, \$6 and up, are in shorter supply than during the war and will not improve for at least a year.

CARD OF THANKS

I wish to express my sincere thanks to the ladies who attended my shower and brought gifts and also to those who sent their gifts. I especially wish to thank the hostesses, Mesdames J. Kinneer sr., J. Kinneer jr., Wm. Roughhead, H. Fleming, J. Anderson sr., and H. Willets, for a most successful shower sponsored in my behalf.

MRS. Wm. Anderson.

Advertising acts as a tonic to any head of business enterprise—

Advise Fire Precautions All Year Long

Fire Chief Wm. Antle, as a final message in Fire Prevention Week recommends these simple suggestions, which, if followed by everyone in the family, will make homes safe from fire:

Put lighted matches and smokes out before you throw them away. Keep matches where small children cannot reach them. Never smoke in the garage, barn or attic or in bed.

Remove rubbish, waste papers, and all unnecessary combustible materials. Provide metal ash and trash cans. Burn rubbish only in a specially covered brick or metal incinerator. Watch the fire.

Examine all stoves, furnaces, and smoke pipes to make sure they are all safe and well away from woodwork or other burnable materials. Have needed repairs made at once.

Many fires are caused by dirty or defective chimneys. Have the chimney cleaned regularly, and have all defects repaired.

Safe Dry Cleaning

Escape the danger of inflammable liquid fires and explosion by not keeping gasoline in the house. Do dry cleaning with safe liquids or send the work to the cleaner. Never start fires with kerosene.

Notify the electric department of electrical trouble. Replace "blown" fuses with new ones—not pennies. Avoid home-made wiring jobs.

Teach children in the family to be careful of fire, to watch stoves, fireplaces, electric irons and all other possible fire causes, and every day remove old rags, papers and other rubbish.

Fireproof your home as far as possible by fire-safe roofing, fire-stopping in hollow walls, and partitions to stop the spread of flames and a non-combustible basement ceiling.

Inquire of your fire chief, when buying a fire extinguisher, to be sure of getting the right kind. Don't hesitate to ask your firemen whenever you have questions on fire prevention.

Telephone 245

Remember always, where the nearest fire alarm box is and how to send an alarm. If telephoning 245, be sure the address is clearly understood. Use a neighbor's phone rather than one in a burning building.

Explain to everyone in the house what to do in case of fire, how to put out fire in clothing by wrapping in a rug or blanket. Many fires result from grease or fat boiling over on the cooking stove. Throwing water on the stove only causes the flames to spread. Ashes, baking soda, flour, salt or metal lid should be used to smother the flames.

Save you and property from needless destruction by fire by keeping the principles of fire-prevention always in mind and never taking a chance with fire.

"Coleman has a splendid record in low fire loss—help our fire department keep it that way," concluded the chief.

ATTENDING CONVENTION

Mayor Frank Aboussafy and Councillor Adam Wilson left on Tuesday afternoon for Edmonton where they will attend the provincial municipal convention being held today and Friday. Mayor Aboussafy is a member of the resolutions committee.

Tense Mystery-Drama,
Dark Adventure In Startling
Emotion.

BACKACHE

The Plague of Outdoor Men

The outdoor man, whether he be farmer, truck driver, or railway operator, is often subject to backache. This may be the result of exposure to cold and dampness or the result of strain from the jolting and bumping of the vehicle he rides.

To many people, women as well as men, it would be great to be free of backache—one of the most common and annoying of ailments. And here is how you may be relieved of backache and other symptoms of poisons in the blood.

The treatment suggested is Dr. Chase's Kidney Liver Pills. By reason of their stimulating action on both the liver and kidneys, you have two chances to one of getting relief from your backache by using Dr. Chase's Pills. The torpid liver is aroused to action, the kidneys are stimulated and consequently these organs help to purify the blood of the poisonous impurities which bring pains and aches and tired feelings. Keep regular and keep well by using Dr. Chase's Kidney Liver Pills. 35c's a box.

Dr. Chase's Kidney Pills

Canada's Forest Wealth

CANADA WAS ONE of the few fortunate countries which emerged from the war with material resources undamaged by bombs or other weapons of devastation. Consequently, in company with the United States and the South American countries, we have endeavoured to contribute as much material as possible to those nations whose fields and factories were damaged or destroyed during the war. Food has been probably our most important export and much emphasis has been placed on the need for Canadian wheat and other food products abroad. Food is undoubtedly of the greatest importance there at the present time, but we are sometimes reminded that they have also a housing problem, much more grave than that which we face here, because of the fact that many thousands of their pre-war homes were partially or totally destroyed.

World Shortage Is Predicted

The task of reconstruction is an enormous one, not only from the point of view of housing, but in the rebuilding of railways and other essential facilities. Much of this reconstruction will depend on an adequate supply of lumber, as do the building programmes now being commenced on this continent. However, a study of the world lumber supply, made during the past year by the United Nations Food and Agriculture Organization, has shown that there is a serious shortage which will be felt soon. It has been found that Europe, the Middle East and the Far East have emerged from the war with greatly depleted lumber supplies, while in the United States lumber stocks have reached an all-time low. Britain's situation in this respect is described as even more serious. Canada on the other hand was found to be one of the few countries whose forestry is "in fair condition".

Production To Be Increased

Reasons for the shortage were given by Sir John Boyd Orr, F.A.O., director-general, as "deforestation, inadequate forest management, failure to develop mature forests, incomplete utilization and insufficient technical personnel." It must also be recognized that during the war the need for wood increased greatly and many more trees were cut than would be the case in normal times. Attention is now being directed to increasing the production of Canadian forests. In this connection the F.A.O. report says: "Large programs of work on Canadian forest improvement and rehabilitation projects are now being started. These are expected to lay the ground work for more orderly management and better projection of the forests in future; at the same time they should provide useful employment for large numbers of people during the period of transition from a wartime to a peacetime economy." From this report, it appears that the lumbering industry may become increasingly important both to Canada and to those countries who will look to her for supplies of this essential product.

WHAT LAXATIVE SHOULD OFFICE WORKERS TAKE?

You don't want harsh measures when you must work all day in the office or factory. NITs are mild, all-vegetable. For extra mild results take NIT Juniors (1/2 dose) — or regular NITs for greater action. Plain or chocolate coated.

Study For Scientists

Giant Spider Found In Buddhist Temple Has Human-Like Face

The newspaper Hsin Sheng Pao said that a spider with a human-like face and as big as an apple, although it was just hatched, had been found in a Buddhist temple near Peiping.

The spider, said Hsin Sheng Pao, has a white face with eyebrows, a nose and a mouth. The rest or it is black and it has eight legs.

A priest found the spider in a pear tree and put it in a jar so scientists could study it.

BIRD NOW EXTINCT

Less than 100 years ago the passenger pigeon was the most prevalent bird in all North America. The last specimen died in the Cincinnati zoo on Sept. 1, 1914, and is now mounted in the Smithsonian Institution.

There is always an even number of rows of kernels on a normal ear of corn.

Price Control And Rationing Information

Q.—I am holding some temporary ration coupons with a "Beaver" stamped on them. Are these "Beaver" coupons still valid for the purchase of rationed commodities?

A.—Consumers holding unused "Beaver" coupons may, on application to a Local Ration Board, have them exchanged for the newly-issued "Bifalo" coupons. The "Beaver" coupons, unnumbered and bearing a beaver design, which are used for the purchase of meat, sugar, preserves and butter, expire on October 31. "Beaver" coupons for evaporated milk, only, will continue to be valid.

Q.—I believe that some meat and butter coupons are being declared invalid the end of October. Will you list for me the coupons which will no longer be used after October 31.

A.—Meat coupons Q-1 to Q-4 in the No. 5 ration book and M-51 to M-55 in the new book, and butter coupons B-15 to B-21 in the old book and B-26 to B-28 in the new, will become invalid for the purchase of these commodities after October 31.

Q.—Have hairnets been removed from the price ceiling regulations? The other day I was able to purchase a hairnet and noticed that the price had gone up several cents.

A.—Hairnets are still under the ceiling, but the subsidy on imported hairnets has been removed and the price has therefore increased.

Q.—Has the price of turkeys grade "A" been increased?

A.—The Prices Board has announced that effective September 3 maximum wholesale prices for Grade "A" turkeys in all parts of Canada will be 2½ cents a pound higher than those in effect during the 1945 peak period—November and December. These prices will apply throughout the year.

Please send your questions or your request for the pamphlet "Consumers' News" or the Blue Book in which you keep track of your ceiling prices, mentioning the name of this paper to the nearest Wartime Prices and Trade Board office in your province.

SMILE AWHILE

One of the guests at a negro wedding approached a man who was very well dressed and who appeared somewhat depressed. "Pardon sir," asked the guest, "but is your dog home?" "No sir, I ain't," replied the man with a sorrowful look, "I was eliminated in the semi-finals."

I wish that I could make a rule that every moth must go to school, and learn from some experienced mole.

To make a less conspicuous hole.

Two Irishmen were trying to remove a piece of rock lying in the roadway when an old lady passing stopped and watched them. Then she said: "Men, why not try blasting it?"

One of the men looked up and said: "Lady, we have tried every swear word we know, and yet we cannot move it."

"Don't you think a man has more sense after he's married?"

"Yes, but it doesn't do him any good then."

The visitor watched a very little girl pull a very big weed from her garden. "You must be pretty strong to pull out such a big weed," remarked.

"Yes," agreed the youngster, "and don't forget the whole world was pulling on the other side."

Wife (inspecting new home): "How many closets are there, dear?"

Husband: "I've counted five."

"That isn't enough. You'll want one for your things, won't you?"

The beautiful young widow simply wouldn't be comforted after two days' mourning although scores offered sympathy pills and advice.

Finally the beautiful young widow found voice: "I'm not grievin' bout myself," she said. "It's these seven children I feel sorry for—havin' to be reared by a step-daddy."

"What is a debtor?"

"A man who owes money."

"And what is a creditor?"

"A man who thinks he's going to get it back."

"Why, sometimes I'm taken for my own daughter."

"Nonsense! You don't look old enough to have a daughter so old."

Young and inexperienced father (looking at triplets the nurse had just brought out): "We'll take the one in the middle."

Race Track Cameras Are Becoming A Commonplace Thing At Races

The camera, in racing, like the automobile in everyday life, apparently is here to stay.

It's a far cry from the days when the decision was left entirely to the vision of the placing judges. Back in 1926 a total of seven dead heats, all for win, was the highest from 1910 through 1934. A dead heat for any of the other placings was unheard of in those years. No less than five different years there was only a single dead heat signal flashed at all tracks and it made page one whenever it happened. All of which tends to prove the keenest pair of eyes can't compete with the camera. The amount of money lost by bettors from 1910 up until the first camera made its appearance in 1935 staggers the imagination. Horsemens, too, were losers. Instead of sharing in first money, or for any of the other positions as now, they received the next lesser amount, when it was up to the judges.

The camera finish has become as commonplace as the starting gate. Next on the list of mechanical aids for the tracks is the camera which takes a picture of every inch of the race. It helps the stewards. After viewing the film, they can make their decisions.

Recipe For Longevity

Nonagenarian Says Water And Eggs Are The Secret For Long Life

OTTAWA. — Every nonagenarian has his own secret of long life; and with Sgt. Daniel Eynd Hoskins Power, 93-year-old veteran of the Ancient and Honorable Artillery Company of Boston, it's water.

The Company — oldest military organization on the continent — celebrated its annual convention in Ottawa recently.

The erect, sprightly, oldest member of this oldest Company, who makes a point of doing everything his fellow-members do, says water — and eggs — are the secret of long life.

"It's easy," he told newsmen. "I just drink lots of water. I have hot water in the morning, cold water at noon, and hot water before I go to bed at night. Water is nature's own medicine. It beats anything the doctors have and works wonders."

MANAGE ALL RIGHT

A 24-year-old Connecticut soldier, who understands Italian but can't speak it, married a 21-year-old Italian girl who understands English but can't speak it. Sgt. Gerald McGee, of Bridgeport, N.J., said his bride, Pia Cossori, "can understand my English, but can't talk it. I can understand her Italian, but I can't talk it."

MAGIC BAKING POWDER

3 out of 4

Canadian Housewives prefer MAGIC

For delicious, fine-textured baked goods, Canada's most successful cooks depend on Magic Baking Powder. Experts and amateurs alike find that Magic gives consistent, wonderful baking results, cuts down costly cooking failures. If you want to serve your family light and luscious baked dishes, try Magic Baking Powder today.

FOOLISH TO NEGLECT SNIFFLES, SNEEZES OR Head Colds

A bottle of Vicks Vapo-rinol is mighty handy to have around the house because this double-duty nose drops... Quickly Relieves sneezy, sniffly, head colds. Makes breathing easier. Helps Prevent colds from developing if used at the first warning sniffle or sneeze. This Double-Duty Nose Drops should save you much misery. Try it! Works! You'll like it!

VICKS VA-TRO-NOL

HELPING SHORTAGE

Aluminum nails, up to four inches in length, now are being produced to help in the nail shortage. Contrary to what one would expect, they are said to have greater shearing strength than steel nails. Furthermore, they're much easier to carry. A keg of aluminum nails weigh only about 34 pounds in comparison with the 130-pound keg of steel nails. And there is not much difference in cost.

Platinum is among the chemical elements that were not discovered until the 16th century.

GEMS OF THOUGHT

PROSPERITY

Prosperity is the touchstone of virtue, for it is less difficult to bear misfortune, than to remain uncorrupted by pleasure.—Tacitus.

The virtue of prosperity is temperance, but the virtue of adversity is fortitude; and the last is the more sublime attainment.—Bacon.

Charge them that are rich in this world, that they be not high-minded, nor trust in uncertain riches, but in the living God, who giveth us richly all things to enjoy.—1 Timothy 6:17.

One is never more on trial than in the moment of excessive good fortune.—Lew Wallace.

Trials teach mortals not to lean on a material staff, a broken reed, which pierces the heart. We do not half remember this in the sunshine of joy and prosperity.—Mary Baker Eddy.

A smooth sea never made a skillful mariner; neither do uninterrupted prosperity and success qualify men for usefulness and happiness.—

PEACE CONFERENCE HAS COME TO AN AGREEMENT ON FREE NAVIGATION OF DANUBE RIVER

PARIS.—The peace conference approved a joint British and United States proposal for free navigation on the Danube river and completed work on the terms of the peace treaty with Romania.

The vote on the Danube issue was 15 to 6—the division being along the usual east-west lines. Earlier the British and American pleas for free navigation on this key European river and unhindered trade in the Balkans were met by Soviet accusations that "dollar democracies" were seeking to further their "imperialistic" ambitions.

The sharp clash between western and eastern viewpoints came as the peace conference raced toward completion of the peace treaty with Romania after putting the final stamp on the Italian pact.

The delegates began voting on the Romanian treaty at the start of a plenary session, completing the political articles in 45 minutes with little difficulty.

They agreed also to reduce Romania's armed forces to 125,000 men for the army, 5,000 men and 15,000 tons of shipping for the navy and 100 combat and 50 transport planes and 8,000 men for the air force. Then the delegates went on to vote on the disputed Danubian and commercial clauses.

Senator Arthur Vandenberg, Michigan Republican, told the conference that a free Danube is "indispensable to the economic health and therefore to the peace of central Europe." Foreign Secretary Bevin of Britain, in full support, charged that Soviet opposition "gives rise to a good deal of suspicion about the designs of the Soviet union in this part of the world."

In respect to equal trade privileges, Mr. Bevin asserted that it "will be very difficult for us to accept the final treaty unless Great Britain is given precisely the same treatment as others are given."

Foreign Minister Molotov of Russia replied that it equal trade privileges were permitted in the Balkans the "power of the American dollar" would overwhelm weak, local industries and "take everything."

"We must take care that no post-war difficulties be exploited by 'dollar democracies'." It is not because a country has many dollars that it can impose its rule on others."

Mr. Molotov said the principle of internationalization could be applied as well to the Panama and Suez canals, taking a stand similar to that of Edward Mardel of Yugoslavia, who told the conference earlier that "power politics" and a fight for "spheres of influence" were evident in the stands of the western powers.

Mr. Bevin assailed a Soviet proposal to restrict use of the Danube exclusively to countries along its banks as "not only a retrograde step but a deliberate discriminatory action against their allies who fought with them in the war."

BEST TEST SITE

CANBERRA.—Britain's proposed rocket-testing site in central Australia is the only one in the world which would give such long firing ranges, a government official said. In certain directions a distance of 3,000 miles can be obtained. Observation posts would be constructed at intervals of 100 miles in the remote and sparsely populated site.

NOT SATISFIED

KINGSTON, Jamaica.—Jamaican farm workers who left here recently by plane for work in United States fields are returning by the scores with complaints about bad treatment, insufficient employment and a lower wage rate than originally expected.

HOUSING PROGRAM IS VERY NEAR ITS TARGET ALTHOUGH THE NEED IS STILL URGENT

OTTAWA.—Canada's housing construction target of 60,000 units in the year 1946-47 is within range but will fall short of urgent needs, it was disclosed in a reconstruction department survey of housing manpower and material requirements.

The survey includes an estimate of an immediate deficit of 180,000 units in the spring of 1947 and reports that while building costs have risen between 47 and 62 per cent. from 1929 to 1945, and further since, there is little likelihood of an early reduction.

"The present inquiry brings out the fact that a housing target of 60,000 units during 1946-47 is well within the productive capacity of this country," Reconstruction Minister Howe said in an introduction to the report. "In the years to come even larger housing programs should be within our reach. The success of a housing program in the transition period depends in the main on the co-ordinated effort of management and labor in the construction industry and the industries that supply needed building materials."

SERVICE IS NEW

Edmonton's Junior Hospital League Is Undertaking Much Needed Work

EDMONTON.—Something new in the way of welfare work will be inaugurated in Edmonton shortly by the Junior Hospital League. It's an emergency housekeeper service designed to keep homes running smoothly in the absence of a parent.

If in need of help the parent explains the predicament to the full time staff provided for the service by the hospital league. As arranged, a housekeeper hired by the league will look after the house, cook the meals and see that the children are off to school.

What ever the situation is, as long as it's an emergency, the league is ready to fill the bill. Charges for the services rendered are only asked from those who can afford to pay.

BUYING SHIPS

Report Says Russia Likely To Purchase Fifty From Canada

VANCOUVER.—Shipping circles in Vancouver reported that Russia is seeking to purchase an undisclosed number of merchant vessels of the Dominion government's park line now under charter to Britain and it is possible 50 may be sold to the Soviet next year.

These sources said that 126 of the wartime park fleet of 176 vessels already have been disposed of but the other 50 will not be available to prospective new owners because of present charters.

The Soviet was reported also seeking to buy 96 American ships and was said to have opened unofficial negotiations for part of the Japanese fishing fleet in an effort to build a strong merchant marine.

WINTER TRAFFIC

Alaska Highway Now In Perfect Condition Will Be Kept Open

NEW YORK.—The Alaska highway, now open to restricted civilian traffic, will be kept open all winter by the Royal Canadian Engineers, Hamilton Wright, Jr., who directed a recent Dominion photographic expedition over the highway, said here. Wright said the highway now is in "perfect" condition with the Canadian army keeping 18 maintenance camps about 90 miles apart along the route.

FLYING TOO LOW

Plane Which Crashed Into School In Holland Killed Eight Boys

APELDOORN, Holland.—A military plane flown low over the home of the pilot's mother crashed into the roof of a nearby school, killing the pilot and eight school boys and seriously injuring at least 10 others. The fier's mother, a witness, died of a heart attack.

The plane was a single-seater Firefly. It struck a school hall in which about 25 boys were doing gymnastics.

NEW INSTRUMENT

Based On Radar Is Giving Good Results In B.C. Mineral Fields

VANCOUVER.—Radar may find an important peacetime use in the mineral fields of British Columbia.

The B.C. chamber of mines reported that local prospectors were experimenting with an instrument "based on radar" with which it is hoped to locate valuable ore bodies. Preliminary tests are said to have provided "good results."

Details of the instrument were not known.

IN ITALIAN MOVIE

Sarah Churchill, daughter of former Prime Minister Churchill of England, is once again in the profession of her choice. Miss Churchill, shown above, being made up for her role in an Italian movie, was chosen ahead of 27 Italian actresses although she does not speak the language.

OUTSTANDING GAIN

Shown In Report Covering Grain Crop Harvested In Europe

WASHINGTON.—The world's wheat crop in 1946 is likely to approximate 5,900,000,000 bushels, the largest since 1940, the United States department of agriculture reported.

A crop of that size, however, will be slightly below the 1935-39 average. The report said the most outstanding gain over last year's crop "is noted in the European total now placed at 1,360,000,000 bushels larger than in 1945." The British Isles, which have suffered bad weather, were the only exception noted in the European crop improvement.

POWER PROGRAM

National Farmers Union In Britain Seek Approval Of Scheme For Electrification

LONDON.—The National Farmers Union, major organization of British farmers, will seek approval of a £72,000,000 (\$218,000,000) program of rural electrification to help keep present workers on the land and attract new ones.

The N.F.U. blamed poor response to a government training scheme for new farmers on rural housing conditions.

The proposed five-year program would carry electricity to 150,000 holdings and its completion will mean the majority of farms will have electricity.

"It is the experience of thousands of farmers that unless they can offer to potential employees the amenities that are today taken for granted in urban centres of population (and which are completely non-existent in large areas of the countryside) they cannot obtain or retain the type of labor which the industry requires," said the N.F.U. statement.

TOURIST ENTRIES

Automobile Traffic Across Border Reached New High Point During August

OTTAWA.—Border automobile traffic hit a new high in August with tourist permits passing the previous August peak in 1937 by about six per cent, the Dominion bureau of statistics reported.

Comparing the eight-month record, tourist entries into Alberta rose 695 per cent. over the first eight months of 1945 with reopening of the port of Chief Mountain, Manitoba welcomed 223 per cent. more, Saskatchewan 168 per cent., Quebec 135 per cent., British Columbia 109 per cent.

Yukon entries, reflecting the beginning of civilian use of the Alaska highway, advanced from 21 to 320 vehicles in the eight-month comparison.

NO DEFINITE PLAN REACHED FOR ORGANIZATION OF FORCE TO GUARD PEACE OF WORLD

WILL BE WITNESS

Colonel Crawford To Testify Against Japanese For Cruelties In Hong Kong

OTTAWA.—Lt.-Col. J. N. B. Crawford, 40, of Winnipeg and Ottawa, is on his way to Hong Kong for a second time but this time he knows just what awaits him: He will testify against the Japanese who perpetrated cruelties upon Canadians and other Allied prisoners of war after the fall of Hong Kong in December, 1941.

Senior medical officer with the Canadian force that was wiped out in that brief battle, he was a prisoner of the Japanese until the end of the war. From his experiences, he will testify in war crimes trials due late this month in the Chinese city.

Mrs. Crawford, the former Maude Hopper of Arcola, Sask., and also a graduate of the University of Manitoba, lives in Ottawa with their young son and daughter.

NO CHANGE SEEN

Canadians Cannot Expect More Or Better Bacon For Some Months

OTTAWA.—Agriculture department sources said there was little prospect, for some months at least, of improvement in the quantity and quality of bacon being sold for home consumption.

They pointed out that Canada, because of her declining hog production, was having trouble meeting her contract to supply Britain with 350,000 pounds of bacon this year and likely would experience similar difficulty in 1947.

NEW YORK.—Despite a break in its six-month stalemate through Russia finally submitting a proposal, the United Nations military staff committee actually has made little progress in its massive and politically-potent task of setting up an international force to guard the peace of the world.

The United States, Great Britain, China and France, the other four members of the UN's most secret organ, last April offered recommendations on the basic principles which should govern the organization of such a force. These proposals were described in the magazine as "carefully-worked working papers with no country committing itself to anything approaching a definite plan."

In this connection the Russian proposal was said to be mainly a series of questions regarding charter provisions for the world force.

Sources considered highly reliable have agreed that even the most elementary issues have yet to be decided and that it might take months or even years to work out a plan acceptable to all the powers.

Perhaps the sharpest illustration of conditions is the fact that after continuous sessions since last March, the committee still has not been able to get approval of its rules of procedure.

Industry Has Ambitious Plan For This Year

OTTAWA.—Canadian businessmen plan to spend \$1,170,000,000 this year on new construction, machinery and on repairs and maintenance, the reconstruction department disclosed in a review of the investment intentions of Canadian industry.

The report, based on results of a survey which obtained estimates from 13,430 business establishments of the expenditures they expected to make during 1946 on capital goods, repairs and maintenance, supplements a previous review issued last June.

It listed the following amounts, by industries, which business enterprises plans to spend on new physical durable assets and on repairs and maintenance: manufacturing, \$543,000,000; mining, \$42,000,000; wood and paper, \$13,000,000; banking, \$5,000,000; public utilities (including central electric stations, telephones, air, water, rail and motor transportation), \$367,000,000.

Of the \$1,170,000,000 total, 25 per cent was to be spent on new construction, 33 per cent. on purchase of new machinery and equipment, 16 per cent. on repair of buildings and other structures and 26 per cent. on repair of machinery and equipment. Of the total planned expenditure of \$543,000,000 in manufacturing, more than one-half or 53.5 per cent. of the outlay was to be made in Ontario, 8.5 per cent. in British Columbia and five per cent. in the prairie provinces.

Examination of these expenditures according to major industrial cities showed Vancouver fourth in the list with an outlay of \$18,000,000 and Winnipeg fifth with \$8,000,000.

However, with respect to investment plans indicated by the survey, the department expects that as a result of shortages resulting from reconstruction difficulties and from strikes, the actual realization will fall considerably short of original intentions.

TROOP REMOVAL

Premier Of New Indian Government Demands Withdrawal Of British Troops

LONDON.—Pandit Jawaharlal Nehru, premier of the new Indian government, has demanded immediate withdrawal of British troops from India, an exchange telegraph agency dispatch from New Delhi reported.

"It was our policy before taking office and it is our policy now to have British troops withdrawn from India immediately or, at any rate, with the greatest possible speed," Nehru said in an official statement.

Nehru said he was issuing the statement in connection with Earl Winterton's question at the Conservative party conference at Blackpool: "Why is Pandit Nehru silent?"

WILL HELP SOME

WASHINGTON.—The government banned the construction of swimming pools, board walks, roller-coasters, drive-in theatres, parking lots, cement tennis courts, and walls and fences of wood, brick or concrete when any of these projects costs more than \$200, as a move to aid the housing program.

It is impossible for the same home to be in the Kennedy Dues, twice as the race is limited to three-year-olds only.

EARLIEST SNOWFALL IN 58 YEARS.—Foretaste of winter hit Ontario, Quebec and the Atlantic coast when Ottawa reported the earliest snowfall in 58 years and communications were crippled. At Malone, N.Y., 12 inches of snow broke limbs from trees, disrupted traffic, shown here.

HOLD-UP MEN GET 10 YEARS.—Three men, who held-up the Nipawin, Sask., branch of the Bank of Montreal at gun-point and escaped with \$39,000, were sentenced at Prince Albert, Sask., to 10 years. Picture above shows two of the men after their arrest in Hamilton, Ont., Stanley Krueha, 20, of Brantford, Ont., left, and William Dixon, 24, of Hamilton. The third man, Peter Minsky, 24, is not shown.

THE COLEMAN JOURNAL

A Problem

The overcrowding of grade 1 in the local schools is a problem which mothers having children of near school age ask to be solved soon.

Some advocate the building of additional classrooms, others advocate the organization of a kindergarten. The board is reconciled to the fact that it must face the problem squarely and come to some decision. Either way it means additional taxation for the ratepayer.

Since coal mining here appears to have a considerable future it would appear that a long range point of view would be the most economical in the long run. As Coleman grows so does her school population therefore additional classrooms would appear to be the answer to the problem. The local high school was built in such a manner that provision was made for an additional storey should more accommodation be required.

It would be most economical to keep the school buildings together as all school facilities would be under one roof, the heating system could be utilized to heat the additional rooms, the same plumbing would suffice and many other economies could be utilized by additional class rooms built above the local high school.

Regardless of what may be suggested from time to time a full dressed debate is anticipated on the subject at the annual ratepayers' meeting in January.

Tomorrow Never Comes

Many an executive famous in the field of business has had a motto hanging on his office wall carrying the words "Do it Now."

Others for whom each day is crowded with work to be done make a practice of listing each item to be looked after during the day, and see to it that each listed item is ticked off before leaving their desks for the day.

Such defensive steps to defeat bugbear, "Procrastination," are found necessary by most men and

women who realize that so often the duty put off until the morrow is never done.

For the average citizen in Canada, buying a Canada Savings Bond is a proposition much different than was the purchase of a Victory Bond in war days. Because of the unprecedented size and energy of the sales organization behind Victory Bond issues, very few people in the Dominion were left to buy entirely on their own initiative. Sooner or later a salesman turned up at the office or at the home and placed an application before his prospects and extended his fountain pen for the signature.

Salesmen will call on a number of Canadians in behalf of the Canada Savings Bond, but thousands upon thousands of those who buy this time will have to make up their own minds and act on their own.

For this latter sizable group, the old fashioned motto, "Do it Now" will serve in good stead.

Play Grounds

Winter will once again be with us in a few short weeks and youngsters will be seen in groups both large and small, sleighing on various residential streets which afford themselves to good sleigh trails. Once again, too, will complaints be heard from truck drivers on the danger of injuring these youngsters who give no heed to danger.

It would appear that the town has grown to the point where it should provide specific play grounds for its youngsters instead of letting them play wherever they wish regardless of their own safety from auto traffic.

We have advocated in this column before the need for summer recreational facilities, particularly swings, chutes, bars, etc. Fear of accident on the school grounds caused the above equipment to be removed some years ago. Today Coleman fails to have even a small swing for the young Junior or Miss in a proper playground. Other towns have maintained these recreational facilities for many years without incident; Coleman could do the same.

of the most challenging problems Hollywood has ever known.

Gene Tierney plays the subtly psychopathic young wife, Ellen Berent, who will stop at nothing—even murder, to be loved as completely as she loves. Young, beautiful and lovable—yet a psychopathic

demon, passionately warm and murderously cold by turns, the role of Ellen has no precedent on the American screen. That it establishes Miss Tierney, who scored such sensational successes in "Laura" and "A Bell For Adano," as one of filmdom's most versatile

and talented stars, is evident from the enthusiastic acclaim being accorded her portrayal.

Live up to the highest you know and you'll have nothing to live down.

THEY'RE BACK...

TO SERVE YOU

When you visit your bank these days you are likely to see faces you have long missed — members of our permanent staff back from active service. Almost five thousand are "back on the job" while others are recovering from wounds and others are still with the forces.

These gallant men who left the banks to enlist and have come back have shown themselves to be alert, self-reliant, eager to get on with the business of living.

Some of them have been away for five years or more. Many have won distinction. All have acquitted themselves with honour. All are welcome back.

In your bank these men find appreciation, security and opportunity for advancement. Our plans for them express our sincere desire that, in banking service, they may find ample scope to make their further contribution to this nation's security.

DARRYL F. ZANUK PRESENTS 'LEAVE HER TO HEAVEN,' Starring Gene Tierney, Cornel Wilde, Jeanne Crain

Hailed as the first psychological drama ever to be filmed in Technicolor, starring Gene Tierney in her most important role to date, Cornel Wilde in his first modern romantic part, and Jeanne Crain in her first adult screen assignment,

"Leave Her To Heaven," 20th Century-Fox's film version of the Dramatic Ben Ames Williams best-seller, opens tonight at the Palace theatre.

Casting of characters
 A challenging problem

Selecting the stars to bring screen life to the complex characters that people the book presented Producer Bacher with one

"Where were you on the night of the 17th?"

"I thought I told you to keep away from here," smiled Bob.

My dear, I never see you any more, since you turned the cellar into a shop," protested Ethel. "If a cop were to ask me where you were on the night of the 17th I wouldn't even have to think. What a lovely table, Bob! Who's that for?"

"It was to be a surprise for your birthday, but you see what you get for snooping. I've put in every free night for three weeks on it, but I've never been so happy in my life. For years I figured I couldn't afford the tools and the lathe and stuff. But when we got down to a budget that looked after our life insurance and other essentials first, I saw I could indulge myself and do a bit of tinkering."

A man with adequate life insurance enjoys a freedom from worry that nothing else can give him. Premium payments call for systematic saving and budgeting. Once the future of his loved ones is secure, the head of a family can relax and derive pleasure from his hobbies.

A message from the Life Insurance Companies in Canada and their agents.

EMPIRE HOTEL RENOVATING DINING ROOM

Mr. Fred Davis, of the Empire hotel, has had a contractor busy for the past few weeks renovating the hotel dining room.

The interior is being remodelled and a new floor laid down. A Calgary contractor has been engaged to construct a lunch counter and stools.

The dining room has been leased by two Chianens, one from Cowley and one from Calgary. It is expected that renovation will be completed to allow for the opening to take place Nov. 1.

MISCELLANEOUS SHOWER

A miscellaneous shower was sponsored by hostesses Mrs. J. Kinneer sr., Mrs. J. Kinneer jr., Mrs. W. Roughhead, Mrs. H. Willets, Mrs. J. Anderson and Mrs. M. Fleming, on Friday evening in the 100F hall in honor of Mrs. Wm. Anderson, English bride.

Whist was played, winners being Mrs. E. V. Wood, Mrs. Vyse, of Blainmore, Mrs. J. Morris. The lucky number prize was won by Mrs. Wm. Milley.

The guest of honor was the recipient of many beautiful gifts for which she ably expressed her thanks.

In Memoriam

HILL—In Loving Memory of my dear mother, Mrs. Sarah Emma Hill, who passed away October 16, 1945.

God saw the road was getting rough,

And the hills were hard to climb
So He closed your weary eyelids
And whispered "Peace be thine."
Lovingly remembered by her daughter Marion and grandchildren, Ernest, Billie and Doreen, of Edmonton.

HILL—In Loving Memory of my dear mother, Mrs. Sarah Emma Hill, who passed away October 16, 1945.

"Rest Dear, for it is true
You bore it well and told but few.
A dear mother, true and kind,
A beautiful memory left behind,
But God knew best and gave you rest."

Lovingly remembered by son, daughter and grandson, Ernest, Ethel and Robert.

HILL—In Loving Memory of Sarah Emma Hill who passed away October 15, 1945.

Her memory is as dear today
As in the hour she passed away.
Remembered by Amy, Steve, Shiela, Alma and Chick.

In Memoriam

SLUGG—In Loving Memory of Fred, Marilyn's Daddy, who passed away suddenly October 18, 1943.

Not just today, but every day
We remember him.

Ever remembered by Mary and Marilyn and Mr. and Mrs. W. H. Garner.

In Memoriam

DICKSON—In Loving Memory of Sergeant Pernie Dickson, killed in action October 14, 1941.

Ever remembered by The Family.

Q. Would a glass of orange juice

at breakfast be on any special benefit or would it prove harmful in the treatment of pulmonary tuberculosis?

A. In all probability it would not prove harmful and may in connection with cod liver oil, be of benefit in a general way. One of its valuable ingredients is vitamin C.

THE GOSSIP

Have you ever heard of Gossip Town,

On the shore of Falsehood Bay,

Where old Dame Rumor, with rustling gown,

Is going the jiveling day?

It isn't far to Gossip Town,

For people who want to go

The idleness train will take you down,

In just an hour or so,

The thoughtless road is a popular route,

And most folks start that way,

But it's steep down grade; if you don't look out,

You'll land in Falsehood Bay.

You glide through the valley of Vicious Folk,

And into the tunnel of Hate,

Then crossing the Add-to-Bridge, you walk,

Right into the city gate.

The principal street is called They-say,

And I've Heard is the public well,

In the midst of the town is Telltale Park,

You're never quite safe while there.

For its owner is Madam Suspicious

Remark,

Who lives on the Street Don't Care.

Just back of the park is Slander's Row

'Twas there Good Name died,

Pierced by a dart from Jealousy's bow,

In the hands of Envious Pride,

From Gossip Town, Peace long since fled,

But trouble, Grief and Woe,

And sorrow and Care you'll meet instead

If ever you chance to go.

T.B. ASSOCIATION
ANSWERED BY THE
ALBERTA TUBERCULOSIS
ASSOCIATION
EDITED BY F. M. HEISE, M.D.
National Tuberculosis Assn.

Q. Is there any medicine that can really be recommended for lung trouble?

A. Unfortunately there has been as yet no medicine discovered that is specially of benefit, that is to say in the nature of a cure, for tuberculosis of the lungs. Many medicines are of benefit for the benefit for the various conditions associated with lung disease.

Q. What effects have aspirin tablets upon the body when taken for the purpose of reducing temperature?

A. Aspirin is a general muscle and nerve depressant. It also relieves pain and, if not taken to excess, will have no apparent ill effect on the body except perhaps the causation of hyperacidity in the stomach. If the temperature is elevated, aspirin will usually lower it; but if not elevated before taking aspirin, no effect may be noticed.

Q. What is the value of sanatorium treatment as compared to home treatment?

A. The sanatorium offers a place for carrying out a definite routine of treatment under the best circumstances, i.e., free from the responsibility of home life, freedom from impurities in the air which usually occur in the cities, the example of other people following the routine treatment and a community life which stimulates the patient mentally. Constant medical and nursing supervision are an additional safeguard and the patient receives an education in the treatment of his disease that he can duplicate nowhere else. Then, too, with the patient in a sanatorium, the danger of infecting others in the household is removed. A change in environment may be followed by a more rapid gain in weight. A preliminary stay in a sanatorium is always advisable, to learn methods of treatment. If this has been acquired, treatment at home may be successfully carried out in some instances.

FOR RATION BOOK

LATECOMERS ONLY

For the information of those who neglected to pick up their new Ration Book No. 6 during distribution week, the ration administration of the War-time Prices and Trade Board at Edmonton has issued instructions for latecomer applicants.

The green application card at the back of the old ration book (marked RB191) should first be filled out in pen and ink and signed by the holder. Then this card should be torn from the old book, placed in an envelope, and mailed to the nearest local ration board or to any branch of the ration administration. The new ration book will then be mailed to the applicant as soon as possible.

Ration officials pointed out that the application should not be made in person, as local ration boards are not authorized to issue new books to latecomers. Application cards should be mailed only.

Teen Town Notes

(Millie Bubniak)

Louis Sikora must be pretty lucky if he can win a 75¢ picture at a carnival for only 70¢.

Lillian R. rushing off work promptly at eight o'clock Monday night to meet a certain person from Blairmore.

Sabina M. now addresses a certain West Coleman girl as "cousin." We wonder who it is and why.

Ella and Millie think a lot of the dolls won for them at the carnival on Saturday night, but Millie still thinks there's nothing nicer than her toy helicopter.

With the stormy winter nights coming up Joe L. will be sorry he gave Hermina the rag dog he won at the carnival.

Mary's back in school now and is catching up on everything she missed while she was away (home-work included).

Marge and Millie meeting on Tuesday night to discuss some of their problems. Maybe it's because Marge is having a hard time with her "home work."

It's a lucky thing for Arden that his brother isn't staying in Coleman for very long.

Mary M. kind of likes the job of being the cook at home because she can be dismissed at 3:30 to get supper ready in time.

Now we know why Mary Z. and Irene H. like going to Blairmore so often. This time it's not to visit the dentist.

The CPR was very well represented when Arden, Frank and Albert entertained the girls at a wienner roast on Monday night.

Playgoers' Club Notes

At the first regular meeting of the newly formed Coleman Playgoers' Club on Oct. 7, officers for the year were elected.

Frank Duncanson was elected president, Jim Allan vice-president, Teresa Korzhuska secretary and Arlene Mercier librarian.

The proposals previously outlined for the organization of the club were accepted as a constitution. Approximately 35 members were enrolled during the first evening. At a subsequent meeting of the executive, work was commenced on preparations for this year's Drama Festival to be sponsored by the Coleman Lions. It is hoped that the newly formed Playgoers' Club will have several entries in the coming festival.

A cordial invitation is extended by the executive to all persons interested in the Theatre.

IS TWO ACRES TOO MUCH?

It's a sound idea to provide veterans with small holdings that would enable them to develop part-time gardening or farming in connection with an urban job, says The Financial Post, but Veterans Land Act administrators would have saved themselves a lot of trouble and embarrassment had they not wobbled from their original policy of granting two acres and then returned to it. Under pressure they cut the original grant to half an acre, then recently restored it.

"Perhaps a two-acre lot was too much," speculates The Post. "It would be for certain intensive types of gardening, but probably not enough if the veteran wanted to keep some live stock or have an orchard. Much would depend, too, on the location. Near some of the big centres two acres of land costs a lot of money, near a small town no more than a regular city lot. And the veteran himself would be a factor. Some who really like to garden might be able to handle two acres in their spare time and keep it tidy. Others might let it degenerate into an eyesore and a menace, a breeding ground for weeds and diseases to plague the neighbors."

MRS. E. X. HILL TO ENGLAND

On Tuesday afternoon Mrs. E. X. Hill got out on a long voyage which will culminate in England where she will visit relatives and friends for several months.

She is scheduled to board the luxury liner Queen Elizabeth which sailed from Southampton the early part of this week on her first commercial trip since she was taken off troop runs. The "Queen" is now truly a luxury ship having been luxuriously decked with the object of attracting the wealthy American trans-Atlantic tourist.

A DIFFERENT OBJECTIVE

One of the easiest things man does is accept a habit. As the various Victory Loan campaigns approached during the war years, about the first question a citizen asked was, "What is the objective this time?" Since money was needed to win the war and to take care of our men and women in uniform, the money objective in each campaign became a challenge to Canadian people.

Naturally, when the new issue of Canada Savings Bonds was announced, men and women promptly asked, "What is the objective this time?" And as they got the answer, "There is no money objective," they were momentarily puzzled. A sale of bonds without a goal to aim at just didn't seem fitting and wasn't easy to understand.

It is literally true that no prescribed sum of dollars is sought during the sale of Canada Savings Bonds which opens on October 15. This sale was not promoted by a desire to fill up the money bag of the government treasury. It is being launched to meet the keen desire of thousands of Canadians to continue their program of regular savings inaugurated by the Victory Loan and War Savings Certificates campaigns during the war years.

However, there is an objective associated with the approaching sale of bonds to the public. It might be described as the determination of those who are responsible for the sale of bonds in all provinces of Canada that all citizens shall have an opportunity to buy bonds. That is why the story of the canvass of the new Canada

Savings Bonds is being so widely told, and why investment dealers and the banks are setting up facilities which will enable citizens to buy, no matter where they may be located.

Put another way, each Canadian sets up his own objective this time. Canada Savings Bonds have been created to help a man help himself,

LOCAL NEWS

Mike Hude, Norman Hopkins and Stanley Kwany, all of Calgary Technical school, were home for the holiday week end.

Rev. Wm. Grazier is expected home from Calgary on Friday morning where he has been on private business during the past week.

Wm. Noton, Jim Lowe, Jr. and George Hoggan motored to Medicine Hat at the week end where they were the guests of the former's mother.

Mr. and Mrs. Oliver Salvador and daughter, of Creston, spent the holiday week end the guests of Mrs. Salvador's parents, Mr. and Mrs. J. Kinnear sr.

J. Anderson Jr. who has been a patient in the local hospital for several weeks, was allowed home at the week end and was seen down town on Tuesday morning.

Mrs. R. Magowan, of Coleman, and Mrs. J. Boorman, of Blairmore, attended a special meeting of the Women's Missionary Society at Pincher Creek last week.

Norman Hopkins, of the Canadian navy, was home on a ten days furlough recently and left last week for his new base at Halifax. Norman is the son of Mr. and Mrs. Wm. Hopkins.

Rev. W. J. Woods and Mrs. Woods and daughter Vera, of Golden, BC were recent visitors at St. Alban's rectory. Mrs. Hayes, of Brocket Indian school, was also a recent visitor at the rectory.

Mr. Alex. Easton, who had been a patient in the Belcher hospital for the past few weeks, is now out of hospital and spending a holiday with his daughter, Mrs. J. Adams. Mrs. Easton is also in the city.

Joe Kwamie was operated upon at the local hospital on Tuesday.

Jack Jackson sr. is a patient in the local hospital.

The auditors from Calgary were busy auditing the books at the town office on Wednesday.

Mr. John Gillespie, formerly with the Canadian Bank of Commerce staff at Pincher Creek, has been transferred to the local branch. Mrs. Gillespie is expected to arrive in Coleman at the end of October.

Mrs. R. Parry and Mrs. W. H. Garner were joint hostesses on Thursday evening when they entertained at three tables of bridge. Honors went to Mrs. H. Boulton, Mrs. J. Morrison and Mrs. Neil Fleming Jr.

Jim Wilkie, of White Rose Service & Garage, took delivery of a Studebaker half ton truck at the week end which has since been sold. Jim expects delivery of a 1947 Studebaker sedan within the next two weeks.

The Catholic Ladies Aid are sponsoring their annual bazaar on Saturday, Oct. 19. Everyone is invited to attend. During the Bazaar the 22 Tombola prizes will be drawn.

Mr. and Mrs. L. A. Caroe sr., Mr. and Mrs. Jonty Caroe and son and Mr. and Mrs. L. A. Caroe Jr. and son motored to Medicine Hat where they visited relatives at the week end. Enroute they stopped off at Coaldale where they visited Mr. and Mrs. George Snood.

INCREASED CONTRIBUTIONS TO UNEMPLOYMENT INSURANCE FUND

A new high in figures for August contributions to the Unemployment Insurance Fund was announced to-

day by Hon. Humphrey Mitchell, upon receipt of the monthly statement from the Unemployment Insurance Commission.

The employer-employee contributions for last August amounted to \$6,158,315.83. These were the highest figures for any August to date and represent an increase of 15 per cent over the same month last year. It also means that contributions from this source showed an increase of \$303,013.32 over the preceding month. This increase is particularly significant in view of the many contribution days lost due to strikes.

The August, 1946, benefit payments of \$2,858,006.66 showed a decrease for the third consecutive month, although the payments are much higher than the \$684,878.97 for the corresponding month last year. Disbursements for benefit payments for July, 1946, were \$3,299,938.15.

The government's share in contributions for August amounted to \$1,231,663.13, while the interest on investments and profit on sale of securities amounted to \$587,805.05. These represent respective increase over July, 1946, of \$60,602.71 and \$13,89.53.

Showing an increase of \$5,119,778.15 over the previous month, the balance in the Unemployment Insurance Fund as at August 31 was \$333,424,172.99.

LES GRIFFITHS NOW IN PERMANENT FORCE

Leslie Griffiths has been given the rank or sergeant in Canada's permanent army. He has been made an instructor in the Department of Hygiene at Camp Borden.

People shop where they are invited—that's why it pays to advertise.

Every new Wage Earner

... should answer these questions:

How MANY 'earning years' are you looking forward to?
Right now you take pleasure and pride in that job of yours! But later in life, retirement is going to seem pretty attractive too. Years slip by quickly. You should, accordingly, save through Mutual Life of Canada insurance which will provide for your retirement and protect your dependents...

Does it matter WHICH life insurance company you choose?
Yes! Life insurance companies are much alike as to policies and rates, but actual long-term results vary widely. We invite you to compare The Mutual

Life of Canada's record with that of any other company. Evidence of the satisfaction of our policyholders is furnished by the fact that whole families and succeeding generations have entrusted their life insurance programs exclusively to The Mutual Life of Canada, and each year approximately 35% of its new business comes from policyholders. Ask your Mutual Life representative to explain the special features of this Company.

Low Cost Life Insurance Since 1869

Hurry, Folks!

time is slipping by!

Ever since October 15th there's been a steady stream of folks flocking to buy Canada Savings Bonds. Already thousands of Canadians have become happy owners of these new bonds.

Hurry!—don't delay another day—get your name in for your bonds now. Put all your present and future savings into Canada Savings Bonds—up to the \$2000 limit, of course. If you should need the money you can cash Canada Savings Bonds at full face value, with interest, at any time at any branch in Canada of any chartered bank.

But please remember this point. These are "Serve Yourself" Bonds. This time there are fewer salesmen. They will not be able to call on everyone. So it's up to you to take advantage of this fine investment opportunity—without delay.

You can buy them at any bank; authorized investment dealer; stock broker; trust or loan company—for cash or by the Monthly Savings Plan. Where your employer offers a Payroll Savings Plan you can buy Canada Savings Bonds by regular deductions from your pay.

Teachers On The Spot

Scholars Permitted To Make Reports Of Their Teachers

LONDON.—Children at a Hampstead borough school in London have realized a dream long cherished by school children throughout the world—they are permitted to make end-of-term reports on their teachers.

Their reports are fully considered and acted upon by British school authorities.

Scholars and teachers in this school are known by their Christian names and there is no "Sir" or "Miss". If several pupils complain in their reports that "John gives too much dictation," the instructor is asked to improve his lessons.

The school is Burgess Hill. There is no headmaster. Responsibilities are shared and all staff teachers, cooks, housekeepers and cleaners are paid same salary, approximately \$480 a year.

Naturally, the teachers make term-end reports on the children, but it is hard to know who learns the most from whom—the teachers or the children.

The three R's are compulsory, but otherwise children choose their own lessons.

Changed Quickly

The Second World War Made Big Difference To South Sea Islanders

CINCINNATI.—That South Sea island paradise of the nineteenth-century romantics is gone, says Dr. John Wesley Coulter, University of Cincinnati professor of geography and authority on the Pacific Islands.

Sweeping changes brought about by World War II in the American geographical Society's Geographical Review.

Although South Sea islanders have been influenced by Europeans and Americans for 150 years, the recent war in five years changed them more than in all time before, he points out.

"Whole villages were removed to make way for airplane fields and hangars," Dr. Coulter writes. "The economic life of the natives was transformed by an unprecedented influx of money which GIs generously paid out for souvenirs, laundry, and coconuts."

"Thousands of natives were recruited for labor battalions and received wages far above anything they had ever earned before. Natives trained as commandos will not be content to fit themselves into the composite of village life under chiefs who stayed at home."

There has been little, if any, improvement in violin making in 300 years.

WORLD HAPPENINGS BRIEFLY TOLD

Sir Crawford McCullagh, Lord Mayor of Belfast, for 17 years, has retired at 78.

Mrs. Eliza Garraway of Bath, England, celebrated her 100th birthday by having her picture taken for the first time.

Horace Brightwell, amateur archaeologist, found traces of a dwelling in England believed to have been built about 500 B.C.

The 12th general council of the United Church of Canada voted to hold its next conference, in 1948, in Vancouver.

Life savings of \$152 (\$608) were found in an old gramophone sold in Huddell, Eng., by a widow to a secondhand man.

Britain will import 150,000 tons of newspaper from Canada and Newfoundland next year and by 1950 hopes to increase that total from 300,000 to 350,000 tons.

A donkey named Moekon the farm of Henry Vermeer at Sumas, Wash., is useful at cow-calling time. Moekon bays out a lusty bay and the cows come home.

Britain's coal stocks are so low that some form of electricity rationing is almost certain this Winter, the country's electric supply companies said in a statement.

Group Capt. Louis Leigh, of Lethbridge, Alta., senior air staff officer of No. 9 transport group at Ottawa, has been appointed commanding officer of the R.C.A.F. station at Goose Bay, Labrador.

Democracy In Arctic

Greenland Wants To Have Governor And Council Elected By People

An independent democracy is in the making beyond the Arctic Circle, says the Scandinavian News.

Greenland, the world's largest island in which less than 20,000 people live along the coastline of a territory which comprises nearly 850,000 square miles and Denmark's only remaining colony, is approaching the age of majority.

The Greenlanders now want to have only one governor and one central council to be elected directly by the people. This would have the effect of diminishing influence of the Danish officials.

SALES MUCH HIGHER

Canadians Spent More Of Wartime Savings During August This Year

Thirty households, who saved their pin money during the war, spent a lot of it last August on radios and household goods, a report by the Dominion Bureau of Statistics has disclosed.

An analysis of department store sales in Canada during that month showed a 24 per cent. rise over July, and a 27 per cent. increase compared with the corresponding month last year.

Radios, musical instruments and supplies led all departments with an increase of 195 per cent. over August, 1945. Sales of household appliances and electrical supplies were nearly 96 per cent. higher; hardware and kitchen utensils, 39 per cent.; furniture and home furnishings, 34.5 and 33 per cent. respectively.

Rural housewives, too, went shopping during August, the report showed. However, those in Western Canada spent more money than the Easterners.

In country general stores the margin of increase in sales was somewhat wider in Western than in Eastern Canada. In Saskatchewan, Alberta and British Columbia the increases were more than 20 per cent. Manitoba stores had a sales gain of 17 per cent.

Sales in Ontario's country general stores were 19 per cent. higher. Quebec and the Maritime Provinces marked gains of 14 and 15 per cent. respectively.

RICH STRONG DELICIOUS

London's Underground

Trains Are Painted Vivid Red And

Londons like to think their underground railway system one of the transportation world's wonders but in the stress of war and the early peace it became as dingy and unattractive as a utility work dress.

Now the trains that scuttle about the network of underground lines beneath the metropolis and take surprisingly long surface jaunts into the green countryside, are flamboyantly red again, the stations have been repainted, and the seat covers no longer look like old potato sacks but have bright designs.

The London Passenger Transport Board, with the task of moving nearly 10,000,000 passengers daily, thus demonstrates it is more alert than the firms who purchase space for their advertising cards on the walls of underground coaches; often these yellowed cards are in contrast to shiny walls and often they advertise products to be available "after the war".

Historic Building

House In London Where Disraeli Lived Is Offered For Sale

LONDON.—The last home of Disraeli, famous Victorian British prime minister, now no more than an empty shell—has been placed on sale.

Outside of the house at No. 19 Curzon street crowds waited in 1881 for the news of the passing of one of the greatest figures of Victorian England.

The Curzon street mansion was only one of Disraeli's London homes. After the death of his wife in 1875, he lived in No. 2 Whitehall Gardens and prior to that he lived in his wife's home at 83 Park Lane.

Molasses is shipped by tanker, and is heated a day or two before the ship reaches port to facilitate its discharge.

MACDONALD'S Fine Cut Makes a better cigarette

OUR COMPLETE SHORT STORY—

THE CURE

— By —
BASCOM H. BIGGERS III

Copyright
Wheeler Newspaper Syndicate

SOME of the folks at Gloversville were certain that a miracle had happened to Miss Sadie. Others claimed that she had taken some wonderful medicine. Still others thought the old man that stayed only one night at her house was a famous doctor travelling in disguise.

Every one had his own private opinion about what cured Miss Sadie and got her out of the bed in which she had spent most of her time for the past three years. But none of them guessed the truth.

When Miss Sadie—her real name was Mrs. Horace Manners—lost her husband and two children in the automobile wreck she lost all her faith and desire to live. Though most people didn't know it, her illness was largely mental. She didn't want to get well.

"There's nothing left for me," she'd said. When Horace and the children were taken from me life lost its meaning. I didn't care to live, though I must until I die."

And the bitterness of her mind seemed to overtake her body leaving her no strength. She made no effort to rebuild her life, to regain her strength. A hired man who lived on the place and cooked for her kept up the little portion of the farm that she retained, but she took no interest in it.

Her old friends who stopped coming to see her could not be blamed. It was obvious in her grief and loss of faith that she did not want them. The only people who ever came to see her were the curious ones who carried away strange tales about how she kept to her bed, spoke crossly and glared at them, like they were demons.

Slowly people began to suspect she was going crazy.

Then one day when the hired man had gone to town and she was all alone, there appeared at her door an old man. He was dressed in tattered clothes and he had not shaved for many days. His knock on the door was feeble and had she been sleeping she would not have heard it.

The window by her bed opened onto the front porch and she could see him there knocking. She was not frightened, because he was old and feeble looking. But she was irritated that he should disturb her.

"What is it?" she asked crossly through the half open window.

"I am hungry," said the old man, "and very tired. If you will only give me a little food and let me rest—"

She felt angrier than before. A beggar at her doorstep disturbing her by asking for food instead of work.

"Go on away from here," she said, waving him off with her hand. "Go on! Get off my porch and property!"

There was a pitiful look in the old man's eyes as though the world had disowned him. As he turned to leave he opened his thin grey lips then seemed to decide against it.

He walked slowly back across the porch and as he reached the steps he

suddenly collapsed and rolled down them to the walk.

Inside the house Miss Sadie saw the little old man as he fell to the ground and her heart rose in her throat. For the first time she forgot her own loneliness and bitterness. A new strength seemed to rise in her. For only a minute she hesitated. Then she grabbed her robe, slipped quickly into her shoes and started for the door. Her movements were slow at first but as she thought of the little old man she forgot her weakness and moved rapidly to the yard.

He was unconscious when she reached him and breathing heavily. She lifted his small head from the hard walk and compassion wilted her heart. She had done this to him by ordering him away.

She lifted his body in her arms. Even though he was frail, she was weak and stumbled as she went towards the house with him.

"Poor little old man," she repeated over and over.

His only answer was heavy breathing as though he had having difficulty getting his breath.

Later when she had undressed him and put his withered body between clean white sheets, she hurried to the kitchen to prepare some chicken broth. It was the first time in three years that she had fixed food and she found pleasure in it. When she returned with a bowl of the steaming beverage he had regained consciousness. She smiled at him and moved swiftly to his side.

"There now," she said, "you're going to be all right. You must not have eaten in a long while. This broth will fix you up."

"No," he said in a small voice. "No I haven't eaten in a long time. I did not want to beg but—"

His voice faded away as he tried to sit up and she saw it was too much for him.

"No more talking," she said. "And I'm going to feed you personally."

For the rest of the day she nursed the old man finding comfort in having someone one to tend to. But when night fell she knew he was sicker than she had thought. She knew he would not live. His heart was weak with age.

All night she sat up with him talking so that he would not feel alone. She told him all about her youth and her husband and her children and it comforted him. And as she spoke she felt the burden of bitterness lift from her heart as it had not done in three years.

At dawn, just before the old man died he called her close and spoke in a whisper so low that she could scarcely hear him.

"I believe that you are the good Samaritan whom I have never before found," he said. "I know I am dying but I am doing so with renewed hope and happiness. May you make others as happy as you have made me, my angel of mercy."

Then he died with her holding his hand and the sadness she felt was mingled with a happiness of renewed hope and faith.

Miss Sadie was well.

JUST AS GOOD

An old woman married a man even older than herself. One day she met the rector, who inquired why she had married again, and if she had now given up her occupation of washing.

"Oh, no sir," she said, pointing to her husband, who was wheeling a barrow a few paces away. "If I hadn't married 'e, I'd 'ad to 'ave bought a donkey."

Exports Increasing

High Quality Of English Grown Orchids Is Creating Large Market

The first English orchids to be purchased by Australia since the war were despatched from the Port of London recently. United Kingdom growers are rapidly becoming the leading exporters of orchids in the world. At present they are being inundated with a steady flow of overseas orders, especially from the U.S. One spectacular order, placed by U.S.A. businessmen earlier this year, was for 2,000 plants valued at £20,000. The steady increase in exports of English orchids is attributed by growers to the high quality and hardiness of home-grown varieties. A consignment of orchids often takes years to collect as the time taken to grow a successful blooming hybrid is considerable.

Write plainly Size, Name, Address and Style Number and send orders to the Anne Adams Pattern Dept., Winnipeg Newspaper Union, 175 McDermott Ave. E., Winnipeg, Man.

Hard To Understand

Why People Take Such Desperate Chances To Save Few Seconds

Time being what it is, and man's span of the approximate measure of 70 years, what is the urge which forces some people to press on the seconds at the "rush" hours of a city's traffic? Why is one second between five p.m. and six p.m. of any greater importance than the same measure of human time at any other hour of the day? Yet, the scramble to save that second in the rush hour gives this community—and every other one of competitive size in Canada—its main crop of accidents, near-accidents, fts, starts and bad turns.

—Victoria Columnist.

GETS INFORMATION

BUFFALO.—Rev. John F. Steve said he had "met some response" to his request—contained in a sermon to his congregation—for a tip on where to buy black market sugar.

Mr. Steve, pastor of Emmanuel Evangelical and Reformed Church, told his parishioners the regulation of sugar "is so lopsided that it invalidates the difference whether I buy sugar on the black market or legally."

"If there is anyone who knows where I can get black market sugar," the pastor asked, "let me know."

The Andes mountain chain is more than 4,000 miles long.

THEY KNOW CANADA

Our Governors General Always Get Well Acquainted With This Dominion

High on the list of those who have a deep affection for Canada are a group of men, past and present, who have been merely temporary residents in this Dominion. These are our Governors General. Most of them, after a short time here, have become the most enthusiastic boosters for this country.

The reason, of course, is obvious. The Governors General see and know Canada. It is part of their job to travel across the Dominion, not once but several times during their terms of office. Their appreciation of our many advantages rests on intelligent familiarity with them.

Not everyone, of course, can see so much of the country, but too many of our citizens neglect opportunities to familiarize themselves even with the parts they could easily visit.

Others, with the means to travel quite as extensively as the Governors General, prefer to spend their time and money in other climes. It is too bad that more of our people are not put under an obligation similar to that imposed on the Viceroys to get about in their native land—Windsor Star.

SELECTED

RECIPES

BRUNSWICK STEW
4 to 5-pound fowl, cut in pieces
4 tablespoons butter or chicken fat
½ cup chopped onions
2 cups cooled or canned tomatoes
1 cup water

3½ teaspoons salt
¼ teaspoon pepper
Dash of cayenne
1 teaspoon Worcestershire sauce
2 cups fresh lima beans
2 cups corn, cut from cob
2 tablespoons flour
¼ cup cold water

Brown fowl in fat in heavy kettle. Remove chicken, add onions, and cook until delicately browned.

Add chicken, tomatoes, water, salt, pepper, and cayenne. Cover and simmer 1½ hours, or until chicken is nearly tender.

Add Worcestershire sauce and lima beans and continue cooking 25 minutes. Add corn. Blend flour with ¼ cup cold water. Add to stew, stirring vigorously until thickened. Makes 8 to 10 servings.

Farm Wages Higher

Dominion Bureau Of Statistics Gives Average Rates

OTTAWA.—New increases in average farm wages were reported by the Dominion Bureau of Statistics. The average rates for Canada in August were \$4.04 a day and \$75.28 a month with board as compared with rates of \$3.55 a day and \$71.88 a month reported at Aug. 15, 1945. Without board, the average rates were \$4.95 a day and \$100.82 a month as against \$4.50 and \$97.22, respectively, last year.

For day help, there were increases in all provinces except Nova Scotia, the most pronounced increases being in the western provinces. Saskatchewan had the highest rate of all provinces for help without board at \$5.68, followed by Manitoba at \$5.66, British Columbia at \$5.26, and Alberta at \$5.17.

Rates in the eastern provinces ranged down from \$4.55 in Ontario to \$3.38 in Prince Edward Island. Highest rates for help with board were \$4.71 in Manitoba and Saskatchewan, followed by \$4.42 in British Columbia, \$4.37 in Alberta, \$3.62 in Ontario, \$3.56 in New Brunswick, \$3.46 in Quebec, \$3.24 in Nova Scotia and \$2.62 in Prince Edward Island.

Wage rates per month by provinces ranged from a high of \$52.99 to a low of \$55.76 for help with board, and from \$111.12 to \$77.96 for help without board in Saskatchewan and Prince Edward Island.

HOPE FOR PEACE

Strong belief that with leaders coming up in every country who have been scouts as boys, and who place truth and justice before self and national interests, nations will learn to live in peace and harmony was voiced by Lord Rowallan, chief scout, at Calgary.

The Untouchables

Are Not Allowed To Associate With Even Low Caste Hindus

In India, according to an ancient legend, Hindus are descended from Brahma, the creator. The Brahmins or highest caste rose from his mouth, the Kshatriyas from his shoulders, the Vaishyas from his thighs, and the Sudras or lowest caste from his feet. The legend omits the fifth group of Hindus, India's 70,000,000 Untouchables. These are descended from the Dravidians who inhabited southern India and became converted to Hinduism. Because the new converts were of a different darker-skinned race they were regarded as an inferior people with whom Hindus were forbidden to mingle. Today, in most sections of India, Untouchables are not permitted to enter schools or temples, they can work at only the most menial of jobs.

Recently a bill to abolish some of the social indignities was introduced into the Bombay Province Legislature. It would penalize anyone who prevented Untouchables from using public roads, conveyances or public institutions.

An income tax was imposed in Great Britain in 1799 to finance the war against Napoleon.

LITTLE DRAMAS OF HOME LIFE

Pop was writing the household cheques ...and suddenly blew his top!

IT was as quick as that! All was serene in the household, the Male Parent working in his den, the rest of the family scattered around. Then, all of a sudden, Pop exploded like a landmine.

What had happened to Pop?—Was it the bills?—no, they came every month. Was it the kids?—no, Pop usually took them in his stride. Was it—yes, this sounds like it—a caffeine hang-over? For Pop had been going it rather strong for tea and coffee recently.

Watch your nerves! Drink Postum—for its grand, rewarding flavor—and because it's the ideal way to stop drinking tea and coffee. Contains no caffeine to over-stimulate and upset you. Convenient—made right in the cup—economical—costs less than a cent a serving.

A Product of General Foods

NOW—try Double-Action CONSTIPATION RELIEF

Feeling sluggish? Suffering from heartburn, gas and fullness that often accompany constipation? Now—get double-action relief the dependable Phillips' Milk of Magnesia way. Just take 2 to 4 tablespoonsful with water. You'll be delighted with the way Phillips' relieves discomforts of acid indigestion—and in the morning, expect you to start the day thrillingly alive and bright. Ask for genuine Phillips' Milk of Magnesia at your drug store today. Remember—

It costs as little as
